Heroes in the Home
Caregiver Recognition Award 2018

Maryanne Gyori

Maryanne is a caregiver extraordinaire! She has been living with her mother for many years order to provide a safe environment, tending to her care needs daily and ensuring she is safe and comfortable, allowing her mother Mary to remain at home.

Mary lives with advanced dementia and has high complex care needs, requiring a lot of care and attention. Maryanne spends the majority of her day caring for her mother and providing assistance for all of her daily living activities.

Maryanne has shifted her own life and needs to the side, doing everything possible to allow her mom to stay in her own home and helping to fulfill her mother's wish to not be placed in a long-term care home. In fact, Maryanne has altered her own way of life significantly in order to care for her mother with love, patience and kindness.

Every day, Maryann goes above and beyond to make sure her mother is safe and comfortable and to provide her with everything she wants and needs at home. While it can be demanding both physically and emotionally, Maryann perseveres and provides every support imaginable to her dear mother.

It is people like Maryann who take on an enormous task to help a loved one live their life to the highest calibre possible. We are grateful to Maryann for her commitment and devotion to providing care and support for her mother, Mary. We are honoured to recognize Maryann as a Hero in the Home!
